Copyright Restrictions
Online coursework may contain material used in compliance with U.S. Copyright Law. Under the law, materials may not be downloaded, saved, revised, copied, or distributed without permission. These materials are to be used for course instruction only, and are limited to the duration of this course.

California Requirements
In California, the State Board will accept a maximum of 20 hours of self study CE towards your optometric license renewal. Credit is given as 1 hour of credit for 1 hour of self study.

Registration
For Marshall B. Ketchum University | SCCO courses go to: www.ketchum.edu/ce

You may register and pay directly online.
Course Content
You are welcome to browse the courses that are displayed. If you need CE credit for a course, complete a registration form and examination for the course you choose. For those who receive a passing grade, the credit letter will be issued immediately via email response.

You pay only $27.00 per course credit hour ($24.50 for VWI members). You may pay with a credit card and if you are a VWI member, you can bill your VWI account directly.

Important Note: All online courses are Non-Refundable. Passwords and registration names are case sensitive.

Check your spam filter if you do not receive your credit letter within 30 minutes after taking the exam.

Mission
Our goal is to provide you with education that is high-quality, convenient and user-friendly. No matter the time or place, you can log on to a computer to obtain your credits. MBKU and VWI want to support you in your ongoing need for innovative, accessible education.

Technology Partners
Marshall B. Ketchum University (MBKU) and VISION West, Inc. (VWI) are partnering to offer Online COPE-approved continuing education courses for optometrists.

About SCCO at MBKU
Marshall B. Ketchum University is among the nation’s leading providers of continuing professional education.

MBKU’s Continuing Education mission is to build on the foundation of knowledge optometrists bring to their practice by providing excellence in post-graduate continuing education. Our CE programs include the latest advances in research, technology and clinical practice to benefit optometric vision care. We endeavor to make each course, whether live or online, practical, professional, and applicable to guidelines established by the state boards of optometry.

Our courses address a wide range of topics to suit all areas of practice.

About VWI
Vision West Inc. was established in 1988 by doctors, for doctors, to strengthen the independent eye care profession. Originally, VWI was established as a group of independent practitioners who work together to obtain the best discounts in the industry on products and services. Because your needs continually change, VWI assists you by creating innovative services and practice management tools, obtaining competitive discounts and making substantial contributions to the eyecare profession.
