

Our goal is to provide an up-to-date Articulation Agreement; however, because course content and descriptions constantly change, we cannot guarantee that this information is fully up-to-date. It is up to each applicant to prove that he or she has met MBKU's prerequisite requirements.

If you have any concerns about whether a course will meet the requirements, please have it reviewed by the Office of Admissions by directing questions regarding the acceptability of a prerequisite course to OAdmissions@ketchum.edu. Please paste into the email the following information: which prerequisite you are seeking to fulfill, school where the course is offered, how many units (specify semester or quarter), and course description copied from the school's online catalog.

Students may apply with prerequisite coursework in progress; however, all prerequisite requirements must be completed before MBKU's fall term begins (mid-August). Courses below must be completed with a grade of "C-" or better.

Bachelor's Degree: A four-year baccalaureate degree is recommended; however, applicants who complete a minimum of 90 semester or 135 quarter units of undergraduate study will qualify for admission. To be eligible to apply, the applicant must be on track to complete the required units through the summer term that precedes fall matriculation.

Advanced Placement (AP) courses for the prerequisites will be accepted as long as the appropriate number of credit hours was received. These courses must appear on your official college transcript or in a letter from the registrar stating that the appropriate number of credit hours was verified by the program.

SCCO Requirement	Courses	Credit Requirements
Calculus	MAT 16A or 17A or 21A	3 semester units or 4 quarter units
General Biology/Zoology (no lab required)	BIS 2A, 2B, 2C	2 semesters (minimum of 6 semester units) or 3 quarters (minimum of 9 quarter units)
General Microbiology/Bacteriology (lab required)	MIC 101 or MIC 104/104L	3 semester units or 4 quarter units
General Physics (labs required)	PHY 7A, 7B, 7C or PHY 9A, 9B, 9C	2 semesters (minimum of 8 semester units) or 3 quarters (minimum of 12 quarter units)
General Chemistry (labs required)	CHE 2A, 2B, 2C	2 semesters (minimum of 8 semester units) or 3 quarters (minimum of 12 quarter units)
Organic Chemistry (no lab required)	CHE 118A	3 semester units or 4 quarter units
Psychology	PSC 1 or equivalent	3 semester units or 4 quarter units
English Composition or Literature	ENL 3 & 1 additional writing intensive course	6 semester units or 8 quarter units
Statistics	STAT 13 or STAT 100	3 semester units or 4 quarter units
Human Anatomy* (no lab required)	CHA 101	3 semester units or 4 quarter units
Human Physiology* (no lab required)	NPB 101	3 semester units or 4 quarter units
Bio Chemistry (no lab required)	BIS 102/103 or ABI 102 (BIO SCI 105 is not acceptable)	3 semester units or 4 quarter units

* Human Anatomy and Physiology lecture series may be completed one of two ways:

- Combined Human A&P (6 semester units or 8 quarter units)
- Separate Human Anatomy and Human Physiology (3 semester units or 4 quarter units each)
