Richard D. Jones, JD & Family

Moments of passion and charitable dedication to the university are growing in number and significance as our closest friends step forward to pledge their support for the ACIEVING 20|20 Campaign. Here, we reflect on a shining example of our university and community leaders raising their voices as champions of our commitment to excellence in health care education.

On the evening of the fifth annual MBKU Gala, the Jones family took the stage to accept the university’s V-Award, which recognized them for their selfless dedication to community and charity, evidenced through their vast portfolio of engagement and volunteer work. Richard Jones has served on MBKU’s Board of Trustees since 2009. He rightfully claims decades of volunteer work for our local service clubs as well as elected service for a local school district. His wife Judy, their sons Brandon and Ryan and their families all remain active in their communities across the state of California and abroad. It is clear that the commitment to philanthropy runs deep.

When asked why he and his family choose to give back, Jones stated, “We have been blessed in so many ways. And because we have been blessed in those ways, it is important that we give back as well.” To the university’s surprise, when accepting their award, the family renewed their commitment to MBKU with a new $100,000 unrestricted pledge. They challenged those in the room to rise to the occasion, too, and continue to encourage the incredible growth at Ketchum.

Jones continued, “I think we are blessed that such talented people are in this institution, and the students — the quality of students — being produced is not by accident. It is the direct result of individuals who are committed to providing a quality education and of a leadership team that has a vision to lead this university to ever-higher goals.”

We are proud to have champions like the Jones Family leading the way. We share our thanks with them and with all of you who have demonstrated your commitment to Ketchum’s success.

Dr. John R. Griffin Memorial Scholarship

Annual gifts to Ketchum University make up the most fundamental level of giving. These gifts are made to any one of our core college programs, clinical centers, scholarships or even to the Ketchum Fund representing unrestricted dollars given to help satisfy the university’s most pressing needs.

We are proud to highlight the dedication and generosity of over 55 donors who gave in 2015-16 to complete funding for the Dr. John R. Griffin Memorial Scholarship. John R. Griffin, MOpt, OD, MSEd, Distinguished Professor Emeritus, Southern California College of Optometry, passed away on June 14, 2014 at the age of 80.

Dr. Griffin served as an optometry officer in the U.S. Army for four years, followed by a year with the Department of Health in Washington, DC. He returned to California, serving for six years as a staff optometrist at Kaiser and in private practice. By 1969, Dr. Griffin had decided to pursue an academic career at the Southern California College of Optometry (known then as the Los Angeles College of Optometry). He served from 1969 to 2002 at SCCO, contributing to numerous courses.

Dr. Griffin was influential as an administrator and as a champion of the Vision Therapy department. He strongly supported the development of a residency in Pediatric Optometry and Vision Therapy, and the power of recognizing outstanding vision therapy work by students and residents at SCCO. Proud of his chosen profession and career in the field, Dr. Griffin was noted as having said that he had accomplished more than he ever expected of himself. Jerry R. Paugh, OD, PhD, Professor and Associate Dean for Research at MBKU contributes, “Dr. Griffin was a friend, colleague and mentor and will be greatly missed. However, his legacy remains and continues due to his many mentees and the numerous lives he influenced.”

A fitting tribute to his legacy, the Griffin Memorial Scholarship will honor a third or fourth year optometric intern who demonstrates extraordinary leadership in and passion for clinical practice in the area of dyslexia, binocular vision or vision therapy. In all aspects, the award recipient will demonstrate characteristics for which Dr. Griffin will long be remembered: kindness, compassion, extraordinary interest in helping others and dedication to the optometric profession.

It is through the power of the collective that we have Dr. Griffin's enthusiasm for the profession forever captured in this way. Annual contributions can continue to be made to all established funds, including the Griffin Scholarship. We thank each of our dedicated donors for their continuing support.
