

Other than the OAT, are there other standardized admissions tests accepted by SCCO?

What standardized test scores does SCCO accept other than the OAT?

While the OAT is the preferred standardized test, SCCO accepts the MCAT and DAT.

What are competitive scores for the MCAT and DAT? Are there any minimum requirements?

Should you decide to apply with standardized test scores other than the OAT, competitive applicants are advised to reach these standards:

MCAT	Total Score: 480 - 500
DAT	Academic Average: 17 - 19

Do these scores ever expire?

Just like the OAT, these other standardized test scores do expire. The test date must be within a three-year period before the opening of the admissions cycle on July 1.

If I opt to take a test other than the OAT, will I be evaluated differently than someone who takes the OAT?

Applying with standardized test scores other than the OAT will not make you any less competitive.

How do I get my official scores submitted to SCCO for evaluation?

OAT scores: follow the OptomCAS instructions to submit your OAT scores through OptomCAS.

MCAT and DAT scores: log onto the respective testing sites and have your official scores submitted by using the service offered, sending them directly to SCCO via email or US mail. Please note: there may be a fee associated with requesting scores.

Scores sent electronically from MCAT/DAT companies: use the email address designation of ODAdmissions@ketchum.edu, care of SCCO Admissions.

U.S. mail submission: SCCO Office of Admissions
 Marshall B. Ketchum University
 2575 Yorba Linda Blvd
 Fullerton, CA 92831

Can I send SCCO my unofficial scores?

Unofficial scores are not accepted for any standardized test.
