Title IX Office Annual Report

2021-2022 Academic Year (AY)

The Vice President for Student Affairs (VPSA) is the Title IX Coordinator with ultimate oversight responsibility for coordinating Marshall B. Ketchum University's (MBKU) efforts to comply with and carry out its responsibilities under Title IX, including investigations of complaints. The Deputy Coordinator(s) assist the VPSA in fulfilling MBKU's Title IX responsibilities. Collectively, these roles are referred to herein as the "Title IX Coordinator."

Overview of Services

The Title IX Office plays a central role in ensuring that all MBKU community members have full, equal access to University programs and activities (e.g. admissions, facilities use, academic courses and events, employment opportunities, etc.) regardless of sex, sexual orientation, and/or gender identity. The complete "Prohibited Discrimination, Unlawful Harassment & Sexual Misconduct Policy" is located in the University Student Handbook and Employee Handbook. This policy includes complaint, investigation, and hearing procedures, the complaint resolution process, and information regarding confidentiality and policy scope/responsibility.

Sex discrimination, gender-based harassment, and sexual misconduct shall not be tolerated in any form at MBKU. Relevant definitions and other information is located within the Student Code of Conduct in the University Student Handbook, as well as in the Employee Handbook. Any member of the MBKU community may contact the Title IX Coordinator to file a complaint or ask any questions. The Title IX Coordinator and team members contact information is as follows:

Marshall B. Ketchum University

2575 Yorba Linda Blvd.

Fullerton, CA 92831

Title IX Support Coordinator for Students

Assistant Director of University Student Affairs

714-449-7462

Akiko Shiratsuchi

Title IX Support Coordinator for Employees

Senior Human Resources Generalist

714-463-7538

Any sexual misconduct and/or sex-based harassment/discrimination allegations submitted anonymously through the MBKU [Report-A-Concern form](#) are investigated to the extent possible. Anonymous complaints severely limit the University's ability to take immediate corrective action and prevent recurrence while ensuring fair hearing processes for all alleged victim(s)/perpetrator(s). Complaints of this nature should be made directly to the Title IX Coordinator. All MBKU employees are mandated reporters.

While some complaints are resolved through formal investigation and resolution processes, some complaints may ultimately be resolved through informal resolutions and interim measures. No matter the resolution, complaints require a coordinated response including conducting an initial inquiry, providing advocacy services and support, referring to and following appropriate administrative process(es), and providing relief and resolution.

Educational Initiatives

Through education and training initiatives, the Title IX Coordinator provided the University community with information, tools, and resources to promote healthy and inclusive interactions between students, faculty, staff, and other community members. We delivered targeted programming to specific, relevant groups including first-year students and their upper division Peer Advisors, new employees, MBKU faculty, and clinical preceptors. In addition, we have an online training module that consists of a presentation and materials specifically for distribution to external clinical preceptors. This training module is shared with the Deans/Director of our Lastly, we have an online channel and shared ongoing training with the employees and Board of Trustee members.

We maintain a variety of online resources through our Learning Management System, Moodle. Our courses include Employee Compliance Training, New Student Orientation and the Student Achievement Center. These pages host video presentations, quizzes, and several additional resources for assisting students in distress, campus safety, and Title IX. We also make available a Title IX brochure for high-trafficked areas of campus.

Based on the 2021 Campus Climate Survey (CCS), **71% of students** indicated that they would report Title IX issues to either a Student Affairs or Title IX Administrator. 38% of students listed Title IX administrators by name. In addition, **89%** of students believe that Title IX officials will take reports seriously and will conduct a fair investigation. These results show a positive sign of our educational efforts.

Sexual Misconduct, Dating or Domestic Violence, and Stalking Complaints for AY 2021-2022

In keeping with national best practices for higher education institutions, the MBKU Title IX Coordinator shall publish a report on Sexual Misconduct¹ incidents annually each fall, for the prior academic year, without disclosing any information that could reveal the identities of the parties involved.

Complaints received in which a student is the Respondent ² .	O
Complaints received in which an employee is the Respondent.	O
Complaints received in which a preceptor or other third party is the Respondent.	O
Complaints investigated. ³	O

Complaints resolved without investigation, including a description of the resolution and/or reason for no investigation. ⁴	O
Investigations in which the Respondent was held responsible and some form of action was taken. ⁵	O
Investigations in which the preponderance of the evidence standard was not met, therefore the Respondent was not held responsible.	O

¹ Refer to the “Sexual Misconduct” definition in the University Student and Employee Handbooks.

² Alleged perpetrator identified within the complaint.

³ Investigations may commence in one academic year and be completed in the following academic year. Pending complaints that are resolved during the next academic year are included in the following Annual Report’s statistics.

⁴ Investigations were not completed in cases where the Complainant did not pursue an investigation; the matter was resolved through voluntary informal processes; or the use of interim measures resolved the matter to the Complainant and Respondent’s satisfaction.

⁵ May include delivering sanctions, removing students from the respective clinical site, no longer sending students to the respective clinical site, removing the site from future health screening locations, reporting the complaint to the Respondent’s supervisor/HR department, and/or reporting the complaint to local authorities.

Campus Climate

Fortunately, the majority of students do not personally experience or witnesses inappropriate behaviors, remarks, bias, and/or discrimination (range: 74% - 95% reported never to several situations). For the students who did report experiencing one of these behaviors, most often the person engaging in it was another student (n=26 or 20%) while at MBKU. A very small portion of the survey respondent (N=6 or 4%) believe they have been graded unfairly in the past due to an aspect of their identity.

Title IX aims to eliminate sex discrimination, gender-based harassment, and sexual misconduct at MBKU. From MBKU student respondent perspectives, 11% say sexism sometimes or often occurs at MBKU; 5% say homophobia sometimes occurs at MBKU; 5% say transphobia sometimes or often occurs at MBKU; and 4% say sexual harassment or misconduct sometimes occurs at MBKU.

Regulatory changes in Title IX

On June 23, the 50th Anniversary of Title IX, the Department of Education issued a Notice of Proposed Rulemaking for new Title IX regulations. These proposed regulations are now subject to a public comment period through September 12, and then are predicted to be released in a finalized form sometime in 2023. If interested, you can read the [press release](#) issued by the Department of Education.
