

Our goal is to provide an up-to-date Articulation Agreement; however, because course content and descriptions constantly change, we cannot guarantee that this information is fully up-to-date. It is up to each applicant to prove that he or she has met MBKU's prerequisite requirements.

If you have any concerns about whether a course will meet the requirements, you may have it reviewed by the Office of Admissions by directing questions regarding the acceptability of a prerequisite course to ODadmissions@ketchum.edu. Please paste into the email the following information: prerequisite course you are seeking to fulfill, school where the course is offered, how many units (specify semester or quarter), and course description copied from the school's online catalog.

Students may apply with prerequisite coursework in progress; however, all prerequisite requirements must be completed before MBKU's fall term begins (mid-August). Courses below must be completed with a grade of "C-" or better.

Bachelor's Degree: A four-year baccalaureate degree is recommended; however, applicants who complete a minimum of 90 semester or 135 quarter units of undergraduate study will qualify for admission. To be eligible to apply, the applicant must be on track to complete the required units through the summer term that precedes fall matriculation.

Advanced Placement (AP) courses for the prerequisites will be accepted as long as the appropriate number of credit hours was received. These courses must appear on your official college transcript or in a letter from the registrar stating that the appropriate number of credit hours was verified by the program.

SCCO Requirement	Courses	Credit Requirements
Calculus	MATH 1000	3 semester units or 4 quarter units
General Biology/Zoology (no lab required)	BIOL 1001, 1002	2 semesters (minimum of 6 semester units) or 3 quarters (minimum of 9 quarter units)
General Microbiology/Bacteriology (lab required)	BIOL 3050 or 3053	3 semester units or 4 quarter units
General Physics (labs required)	PHYS 1020, 1021	2 semesters (minimum of 8 semester units) or 3 quarters (minimum of 12 quarter units)
General Chemistry (labs required)	CHEM 1050, 1051	2 semesters (minimum of 8 semester units) or 3 quarters (minimum of 12 quarter units)
Organic Chemistry (no lab required)	CHEM 2400	3 semester units or 4 quarter units
Psychology	PSYC 1000	3 semester units or 4 quarter units
English Composition or Literature	ENGL 1090 & 1 additional offered by ENGL Dept.	6 semester units or 8 quarter units
Statistics	STAT 1510	3 semester units or 4 quarter units
Human Anatomy* (no lab required)	HKR 2310	3 semester units or 4 quarter units
Human Physiology* (no lab required)	HKR 2320	3 semester units or 4 quarter units
Bio Chemistry (no lab required)	BIOC 2201	3 semester units or 4 quarter units

* Human Anatomy and Physiology lecture series may be completed one of two ways:

- Combined Human A&P (6 semester units or 8 quarter units)
- Separate Human Anatomy and Human Physiology (3 semester units or 4 quarter units each)
