

Our goal is to provide an up-to-date Articulation Agreement; however, because course content and descriptions constantly change, we cannot guarantee that this information is fully up-to-date. It is up to each applicant to prove that he or she has met MBKU's prerequisite requirements.

If you have any concerns about whether a course will meet the requirements, you may have it reviewed by the Office of Admissions by directing questions regarding the acceptability of a prerequisite course to ODadmissions@ketchum.edu. Please paste into the email the following information: prerequisite course you are seeking to fulfill, school where the course is offered, how many units (specify semester or quarter), and course description copied from the school's online catalog.

Students may apply with prerequisite coursework in progress; however, all prerequisite requirements must be completed before MBKU's fall term begins (mid-August). Courses below must be completed with a grade of "C-" or better.

Bachelor's Degree: A four-year baccalaureate degree is recommended; however, applicants who complete a minimum of 90 semester or 135 quarter units of undergraduate study will qualify for admission. To be eligible to apply, the applicant must be on track to complete the required units through the summer term that precedes fall matriculation.

Advanced Placement (AP) courses for the prerequisites will be accepted as long as the appropriate number of credit hours was received. These courses must appear on your official college transcript or in a letter from the registrar stating that the appropriate number of credit hours was verified by the program.

SCCO Requirement	Courses	Credit Requirements
Calculus	MAC 2241	3 semester units or 4 quarter units
General Biology/Zoology (no lab required)	BSC 2010, 2011	2 semesters (minimum of 6 semester units) or 3 quarters (minimum of 9 quarter units)
General Microbiology/Bacteriology (lab required)	MCB 3020/3020L	3 semester units or 4 quarter units
General Physics (labs required)	PHY 2053/2053L, 2054/2054L	2 semesters (minimum of 8 semester units) or 3 quarters (minimum of 12 quarter units)
General Chemistry (labs required)	CHM 2045/2045L, 2046/2046L	2 semesters (minimum of 8 semester units) or 3 quarters (minimum of 12 quarter units)
Organic Chemistry (no lab required)	CHM 2210	3 semester units or 4 quarter units
Psychology	PSY 2012	3 semester units or 4 quarter units
English Composition or Literature	ENC 1101, 1102	6 semester units or 8 quarter units
Statistics	STA 2023	3 semester units or 4 quarter units
Human Anatomy* (no lab required)	BSC 2085, 2086	3 semester units or 4 quarter units
Human Physiology* (no lab required)	BSC 2085, 2086	3 semester units or 4 quarter units
Bio Chemistry (no lab required)	BCH 3053 or BCH 4033	3 semester units or 4 quarter units

* Human Anatomy and Physiology lecture series may be completed one of two ways:

- Combined Human A&P (6 semester units or 8 quarter units)
- Separate Human Anatomy and Human Physiology (3 semester units or 4 quarter units each)
